Organ Donation Health Note--From The Welcome Place—Katherine Jordahl, RN

April is National Donate Life Month. Many of you have checked the “organ donor” box on your driver’s license - here are a few facts about the gift you’ve agreed to. It is definitely a gift to the many people waiting for organs or tissues in order to continue living. Adults of all ages can sign up to be donors. People of all ages can receive transplants. Medical research and technical advancements have made transplants more successful for all. Most major religions (including Catholic) support this gift of life as an act of charitable giving and do not prohibit organ and tissue donation. There is absolutely no cost for donation. Go to organdonor.gov to register in your state or check the box at your next driver’s license renewal. And talk to your family about your decision.

Wednesday, March 29th : the Interfaith Ecumenical Lenten Service at Faith Lutheran Church continues. Lunch is served at 11:30AM with the service to follow. This is a weekly non-denominational Lenten event – all community members are welcome.

Thought for the week: “ Learn to love without condition. Talk without bad intention. Give without any reason. And most of all, care for people without any expectation” author unknown
